ADDISON

Heat Recovery Units, 100% Outside Air Units, Rooftop Units to 40 Tons, Split Systems, Air Cooled and Water Cooled Self Contained Units, Water Source Heat Pumps

AEROFIN

Heat Transfer Coils: chilled water, hot water, steam. Spiral fin and plate fin designs. Aluminum, copper, steel and stainless steel fin construction. Integral face and bypass coils.

ALFA LAVAL

Plate and frame heat exchangers; welded heat exchangers.

BALTIMORE AIRCOIL CO.

Induced draft, forced draft cooling towers, closed circuit fluid coolers, evaporative condensers, ice storage systems.

BUFFALO AIR HANDLING CO.

Custom Air Handling Units; Modular Air Handling Units

CIRCUL-AIRE

Air Purification Systems, Chemical Media, and Laboratory Services, Energy Recovery Systems.

CLIMACOOL

Compact Modular Chillers. 30, 50, and 65 ton modules may be installed individually or combined to achieve desired capacity. Ideal for replacements or upgrades with limited space and applications requiring affordable redundancy.

CLEARWATER SYSTEMS-DOLPHIN WATERCARE

Chemical Free Water Treatment Equipment

COMPOSITE COOLING SOLUTIONS (CCS)

Field Erected Pultruded Composite Fiberglass Cooling Towers. Complete mechanical systems for field erected concrete cooling towers.

DECTRON

Air Treatment for Indoor Pools and Spas, 100% Outside Air Low Temperature Applications, General Purpose Dehumidification.

FIRST COMPANY

Stock fan coil units and air handling units. Belt drive, direct drive, horizontal, vertical and console style. Hydronic and DX.

HEAT PIPE TECHNOLOGY

Heat pipe dehumidification systems and energy recovery coils.

HERRMIDIFIER

Engineered Humidification Systems. Steam Distribution Systems, Electrode Canister Air/Water Atomization Systems, High Pressure Water Atomization Systems.

INDEECO

Open and Fin Tubular Electric Duct Heaters, Unit Heaters, Baseboard and Cabinet Heaters, and Explosion Proof Specialty Products.

INNOVATIVE AIR TECHNOLOGIES

Custom Desiccant Dehumidification Systems

ISLANDAIRE

Replacement PTAC chassis.

MAGICAIRE

Stock horizontal and vertical fan coil units: direct drive & belt drive.

PUROFLUX

Water Filtration Products, Sand Filters, Separators, Cooling Tower Control Panels.

REFLECT-O-RAY

Vacuum-vented infrared, low intensity, dry tube heating systems for aircraft hangers, automotive shops, warehouses and manufacturing plants.

SEMCO-FLAKTWOODS

Total and Sensible Energy Recovery Wheels, Energy Recovery Units, 100% Outside Air Units, Chilled Beams

SKIL-AIRE

Precision and Comfort Cooling Equipment for spot cooling and computer room applications. Packaged or Split Systems.

SPIROTHERM, INC.

Air Eliminators, Dirt Separators, Air & Dirt Separators.

WHALEN

Stacked vertical fan coils and stacked vertical water source heat pumps.
